Walter mentioned that we needed equipment:

2- modulators – one for a spare \$1500.00 each

Amplifier audio and video

Windshields for the small microphones on the table

VCR/DCD with remote

Microphones

Replace light in the Computer room-

The public microphone needs to have 2 drilled holes in the base and screwed to the floor so that it can't be moved.

Requesting funds from 2004 for equipment needed. See attached paper.
